

UC San Diego Chancellor's Scholars Presents: Avondale Elementary Beautification Project

Sunday, February 26, 2017 ∞ 10:00 AM –12:00 PM

at the UCSD Retirement Resource Center (UC 400)

Please register at <https://hrweb.ucsd.edu/ea/> by Feb. 19,
or call (858) 534-4724 if you do not have on line access.

Join fellow Tritons in a community beautification project at Avondale Elementary School in partnership with UCSD Alumni. Give the school a fresh look for 2017 by participating in a restorative gardening or painting project.

Avondale Elementary School is a high-achieving Pre-6 school in the La Mesa Spring Valley School District and is located in Spring Valley. Most of the school's 500 students are from low-income households. With a large number of students on campus from early morning to early evening as part of the Extended School Services program, Avondale's staff wants to restore the campus grounds into a lively place for children to learn and grow!

Volunteers will help with clean up and restoration across the campus. They will have an opportunity to develop an inviting garden for students to instill pride and learn hands-on about science and agriculture. Volunteers will also paint motivational sayings for students and share tips for college readiness.

Rides and a light breakfast will be provided to all student volunteers. Make to be at the RRC by 9:00 am.
